

# raptor

Our stab-resistant glove, RAPTOR, features a **patented, self-adjusting spring closure system** and is certified in accordance with the latest norms

- **CE-tested, certified as conforming to EN 1082-1, EN 1811 and EN 14328, permitted for use with machine-powered knives/blades**
- **Patented, self-adjusting closure system**
- **Lighter than regular brand stab-resistant-gloves, but with equal or higher safety level**
- **100% stainless steel for perfect hygiene and durability**
- Made without clasps, hooks, plastic bands, press-studs or other extra parts that could become separated or destroyed
- Fits right or left hand
- Highest safety level
- Easy clean and care
- Improved comfort for wearer: No direct skin contact with closure system
- With serial number for traceability and Datamatrix Code
