

STAHLNETZ®

CHAINMAIL SHIRTS & HOODS

stainless steel ring mesh, individually welded rings

Do you need a different item of clothing
or have a particular idea you want to realize?
PLEASE CONTACT US!

In addition to our standard products, such as chainmesh safety gloves and aprons, which are most widely used for workplace personal protection, we also make all styles of clothing or furnishing/decoration items from our stainless steel chainmeshes (individually welded rings). The following examples are from our “Chainmesh shirts and hoods” product range.

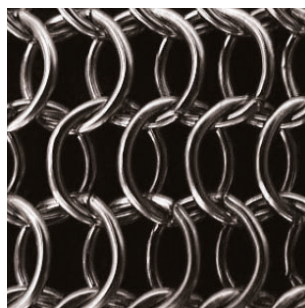

We offer a wide range of chainmesh shirts and hoods and other items of clothing. You can choose between:

- **Ring diameter:** 7 mm (0,8mm wire) or 10 mm (1,2mm wire)
- **Finish:** polished or black flamed finish (artificial “patina”)
- **Shirt Style:** Long sleeve, short sleeve or sleeveless
- **Mesh style:** Roman or Norman
